Here's What Applause Looks Like On Paper...

"Awesome!....I watched his hands,
how'd he do that!? Your interaction
with our group as a strolling
magician was fabulous! You
entertained without being obtrusive
as people were socializing and it
was great, cause you just mixed
right in with everyone! This is the
2nd year our Holiday party has had
strolling magicians and if we do the
same type of party again next year,
you'll definitely be invited back!"

- **Susie Schramm, Benfield
Blanch**

"I already knew you were an
entertainer from previous shows I
had seen but the positive feedback
we have received this week from
others confirms it. My boss really
appreciated that you made
everyone feel a part of the show
with your interchange. We have
had a company picnic for years and
years but one employee stated she
thought this was the best one yet
and that is because of you.

- **Mary Willie, Endontrics
Associated Limited**

"Thank you again for a wonderful
Show...the kids AND parents just
loved it. Thank you for helping us
make our very first Holiday Party a
GREAT success!
